Please see the following message, received from Tarmac yesterday;

“We encourage members of the local community to visit our Stanninghall Quarry virtual public exhibition, and have your say on our northern extension proposals.

We are also hosting two sessions where you can meet the project team and ask questions on Tuesday 29 September, and Wednesday 30 September between 6-7pm.

Please visit <http://tarmac-stanninghall.virtualexhibition.info/splashl...> to find out more, and if you have any questions please contact Charlie Gilmartin on 020 8051 8719 or charlie@eqcommunications.co.uk.”
